1894.

OFFICERS OF THE TOWN OF HYDE PARK,

FOR THE YEAR ENDING MARCH 7, 1894.

SELECTMEN AND SURVEYORS OF HIGHWAYS:

STEPHEN B. BALKAM, AMOS H. BRAINARD,
GEORGE E. WHITING, THOMAS S. WATERS,
SAMUEL T. ELLIOTT.

ASSESSORS:

RANDOLPH P. MOSELEY, GEORGE W. CHAPMAN,
THOMAS E. FAUNCE.

TOWN CLERK:

HENRY B. TERRY.

TOWN TREASURER:

HENRY S. BUNTON.

OVERSEERS OF THE POOR:

CHARLES LEWIS	term expires 1894.
JOHN TERRY	term expires 1895.
GEORGE E. HAVEN	term expires 1896.

BOARD OF HEALTH:

EDWIN C. FARWELL, JOHN C. LINCOLN,
ALVIN D. HOLMES.

COLLECTOR OF TAXES:

GEORGE SANFORD.

SCHOOL COMMITTEE:

RICHARD M. JOHNSON	term expires 1894.
AUGUSTA L. HANCHETT	term expires 1894.
LOUISE M. WOOD	term expires 1895.
JOSHUA F. LEWIS	term expires 1895.
CHARLES G. CHICK	term expires 1896.
HELLEN M. T. DEAN	term expires 1896.

SINKING FUND COMMISSIONERS:

DAVID PERKINS	term expires 1894.
WILLIAM J. STUART	term expires 1895.
HENRY BLASDALE	term expires 1896.

AUDITORS:

CHARLES F. MORRISON, WALLACE D. LOVELL,
ASA J. ADAMS.

TRUSTEES OF THE PUBLIC LIBRARY:

AMOS H. BRAINARD	term expires 1894.
CHARLES F. JENNEY	term expires 1894.
DAVID C. MARR	term expires 1894.
G. FRED GRIDLEY	term expires 1895.
EDMUND DAVIS	term expires 1895.
FREDERICK N. TIRRELL	term expires 1895.
EDWARD S. HAYWARD	term expires 1896.
HENRY B. MINER	term expires 1896.

FREDERICK A. SWEET	Chief Engineer.
REUBEN CORSON }	Assistant Engineers,
WILLIAM HOLTHAM }	

PARK COMMISSIONERS:

WILBUR H. POWERS,	JOHN B. BACHELDER,
JOHN J. ENNEKING.	

SELECTMEN'S REPORT.

FELLOW CITIZENS,

Another year has been added to the history of our town, and your selectmen herewith submit a report of their connection therewith. Nothing of an unusual nature has transpired, and the administration of its affairs has proceeded without friction.

ACTIONS AT LAW.

The Selectmen of last year stated in their annual report that Sarah S. Fuller, of Boston, William H. Ruddick of the same city and Charles H. Price of this town, then had actions pending against the town in the Superior Court for this County. All these actions were for personal injuries sustained by the respective plaintiffs on account of alleged defects in certain of our highways. The dates of the alleged injuries and other material circumstances connected therewith are stated in the last annual report under "Actions at Law."

The Fuller case was tried in the Superior Court at Dedham before a jury, in October, 1893. The plaintiff claimed, and offered considerable medical testimony to show that she sustained permanent personal injuries resulting in spinal and other difficulties; that her injury was sustained on the westerly sidewalk of Hyde Park Avenue, at a point nearly opposite Dell Avenue, on the evening of the 6th of June, 1891, by reason of her foot catching in the root of a tree which, as she and her witnesses claimed, extended across the travelled portion of the sidewalk. The statutory notice which Mrs. Fuller gave to the town was informal and in-

sufficient in itself, but she was permitted to supplement that notice by certain oral evidence given by her friends for the purpose of showing that the town had not been misled by the written notice. The jury returned a verdict in this case against the town in the sum of \$3633.33. Exceptions were taken in behalf of the town to the admission of certain evidence in behalf of the plaintiff and to certain of the rulings of the Court. The case will very likely be reached for argument in the Supreme Court on questions of law, in March next.

The suit by Ruddick against the town, in which the plaintiff alleges damages at \$1500.00, is still pending.

In the Price suit aforesaid, the plaintiff claimed damages in the sum of \$1000.00, and his alleged injuries were occasioned by a wire belonging to the Hyde Park Electric Light Company. That Company was cited to defend the action, and notified that the town would hold it responsible for any damages it might be required to pay to Mr. Price. This case has been adjusted for \$150.00, which amount the Electric Light Company agrees to pay, thus saving the town harmless.

On the 5th of July of last year, Nancy Bohannon brought a suit against the town and alleged damages at \$4,000.00. This suit is now pending in the Superior Court, Suffolk County. The plaintiff claims that during last winter she sustained injuries on Gordon Avenue by reason of accumulation of snow and ice.

On the 9th day of January, 1894, John Haney of this town brought a suit against the town returnable to the Superior Court, Dedham, on the first Monday of March next, in which damages are alleged at \$8,000.00. This action, we understand, is based on certain injuries that he sustained more than a year ago while at work on or about a stone crusher, but as his suit has not been as yet entered in court, we have no means of knowing just what his declaration will be.

POLICE.

This department has been under the direction of Chief Jenney, to whose report we refer you for details. There is a growing feeling that our force is insufficient, and we recommend a larger appropriation than has been made in recent years.

FAIRVIEW CEMETERY.

There is an increasing interest in this cemetery, as will appear more fully in the report of the Commissioners, and we endorse their recommendation of an appropriation, for the further development of the grounds.

FIRE DEPARTMENT.

This is in a good condition for efficient service, as witness the work at the late fire in Quincy Dyer's store and the Cotton Mill boarding house. The engineers feel that in certain sections of the town the hydrant service is insufficient, and we call your attention to their recommendations on that point.

STREET RAILWAY.

The franchise granted the Norfolk Suburban Street Railway Co., provided for the opening of the road to travel November 1st, last; but owing to the stringency in the money market, the company asked for an extension to June 1st, 1894, which has been granted, and the road will no doubt be in operation, on or before that date.

HIGHWAYS.

In connection with the building of the street railroad, Bent's hill (so called) on West River street, has been McAdamized, giving it a much needed crown, and the street has also been widened near the Dedham line to conform to the County Commissioners' decree. The history of Metropolitan avenue, forms an interesting chapter in the

annals of the town, but we do not propose to discuss it here, and will only say, that after some years of controversy, the County Commissioners ordered the town to build the avenue, which has been partially done the past year. Your Selectmen were not given any official information as to the probable cost of building, but the present Chairman of the Board of County Commissioners informed us that their estimate was \$4,000, but the sum of \$7,500 has already been expended on it in as economical a manner as possible, under the supervision of the superintendent of streets (Mr. H. M. Stowers), and it will require at least fifteen hundred dollars to complete it. One redeeming feature of this large expenditure, is the fact that except about \$800 paid for gravel, and \$100 for land damage, nearly all the money has been paid to citizens of the town for labor and materials. Owing to the large sum required for this avenue, not very much work of a permanent character has been undertaken, except the building of Milton street, from Central Park avenue, nearly to Paul's Bridge, (a distance of 2,600 feet) joining a section at that point which was built two years ago, and making a continuous McAdam way from Paul's Bridge to Central Park avenue. This street has been the cause of two petitions to the County Commissioners, one of which was withdrawn upon the request of a former Board of Selectmen, (who caused the section at Paul's Bridge referred to, to be built) and the second being pending when we came into office. This was also withdrawn by agreement, and certain persons offering to cooperate, and realizing that if put in good condition, it would be a great public improvement, it seemed wise and prudent to McAdamize it, which has been done at an expense to the town of \$1,600, and we believe to the great satisfaction of all who have occasion to use it. Central Park avenue has been cut some two feet opposite the Morris Safe Works (a part of the expense being paid by that corporation) and the materials

used on sidewalks on Milton street and on roadway on Sprague street. Fairview avenue has been completed at an expense of \$550, and repairs made on other streets as seemed necessary.

A twenty-four inch pipe has been laid across West street near Austin st. complaint having been made, that the culverts were insufficient to carry the water, which in consequence, backed up into the cellars of abutters. The absence of gravel, will in the future necessitate the using of crushed stone in the building and repairing of streets; we are impressed with the need of improved facilities for crushing and sorting the material, and a steam road roller with which to build streets; and we recommend that seven thousand dollars (7,000.) be appropriated for this purpose, to be paid in two annual payments of thirty five hundred dollars each; with the equipment which this will furnish, the town will be in a condition to do the best street work in an economical manner. In this connection we recommend the sale of land on Dana avenue, owned by the town, and that the proceeds be applied to the purchase of material for the use of the crusher. At a recent meeting the town authorized the Selectmen to strengthen Fairmount bridge, which has been done at a cost within the appropriation.

We present for your consideration the amounts appropriated the past year, and in a parallel column the amounts we think necessary for the next, and if our recommendations are substantially followed, our tax rate will be about \$13.50, per thousand.

	1893.	1894.
Schools,	36,150 00	36,150 00
Bonds and Notes,	7,500 00	7,500 00
Interest,	9,500 00	3,500 00
Sinking Fund,	3,000 00	
Public Library,	1,850 00	1,850 00
Highway current expenses,	4,000 00	4,000 00
Highway permanent improvements,	10,000 00	10,000 00
Board of Health,	2,000 00	2,000 00
Incidentals,	7,000 00	7,000 00
Salaries,	3,475 00	3,475 00

G. A. R.	150 00	150 00
Fairview Cemetery,	4,500 00	2,000 00
Voted in 1892,	2,744 33	

\$110,139 33

Voted in 1893, payable 1894,	1,500 00
On account crusher and roller,	3,500 00

\$103,525 00

It will be noticed in our estimate for next year, that the item of interest has been placed at \$3,500 as against \$9,500 this, and that the \$3,000 for Sinking Fund has been omitted. This is possible in consequence of the action of the Sinking Fund Commissioners in applying that fund to the payment of the debt, which action is more fully explained in their report. We recommend, that the amount required for Fire Hydrant service, be appropriated from Corporation and National Bank tax, as in years past.

In conclusion we desire to congratulate you on the near approach of that time so earnestly desired by all, when our town will be out of debt; although this cannot be actually true until 1898, yet it is so nearly accomplished, that we can see the fruits of the policy, you have so persistently followed the past five years, the results of which, cannot but

be a source of satisfaction, to all who have the welfare of the town at heart.

Respectfully submitted,

STEPHEN B. BALKAM.

AMOS H. BRAINARD,

GEORGE E. WHITING,

THOMAS S. WATERS,

SAMUEL T. ELLIOTT,

Selectmen of Hyde Park.

SYNOPSIS OF THE TOWN CLERK'S RECORD OF TOWN MEETINGS.

The following statement shows in a condensed form the action of the town on the various articles which have been before it for consideration the past year.

March 29, 1893 a Town Meeting was held in Waverly Hall, when the following Articles were acted upon, viz :—

Article 1. To choose a moderator to preside at said meeting.

Charles G. Chick, Esq., chairman.

Art. 2. To see if the town will accept the list of jurors as prepared by the Selectmen and posted according to law.

List amended and accepted.

Art. 3. To hear the report of the Selectmen in regard to guide boards and act thereon.

Report made by Selectmen accepted and placed on file.

Art. 4. To see what disposition the town will make of the money received from dog licenses for the year 1892.

Appropriated to the public library for the purchase of new books.

Art. 5. To see what per cent. the town will vote to pay for collecting its taxes the current year.

One per cent. on amount collected voted.

Art. 6. To fix the salaries of the town officers for the current municipal year.

Same salaries as last year voted, and Cemetery Commissioners to be paid fifty dollars each per year.

Art. 7. To fix the compensation of the engineers and several members of the fire department, for their services the current municipal year.

Salaries fixed same as last year.

Art. 8. To see what discount the town will vote to allow on all taxes paid on or before October 1, 1893; and what interest the town will vote to charge on taxes for the current year, when the same shall be overdue.

No discount to be allowed, and six per cent. interest to be charged on taxes when overdue.

Art. 9. To see if the town will appropriate one hundred and fifty dollars to Post 121, Grand Army of the Republic, for the expense of decorating the graves of deceased soldiers.

\$150.00 so appropriated.

Art. 10. To see if the town will appropriate the money now in the hands of the Treasurer, received by him as sidewalk, street or Board of Health assessments or betterments, and all money which shall be received by him the current year on account of such assessments or betterments, for the purpose of constructing or repairing sidewalks, streets or highways.

So appropriated.

Art. 11. To see if the town will appropriate the money to be received this year by the Town Treasurer, for or on account of Corporation and National Bank taxes, for the payment of the fire hydrant service of the town.

So appropriated.

Art. 12. To see what action the town will take with reference to lighting the whole or part of its streets with electricity all night.

Indefinitely postponed.

Art. 13. To see what amount the town will vote to raise by taxation, to meet the expenses of the town the current

year, the deficiencies of last year, and the notes and bonds of the town maturing the present year, and how the same shall be appropriated.

\$110,139.33 to be raised and appropriated as follows :—

Support of Schools :—

Teachers, Janitors and Fuel	\$30,600	}	\$36,150 00
Incidentals	3,200		
Text Books and Supplies	1,600		
Evening Schools	600		
Industrial School	150		

Debt and Interest	20,000 00
Public Library	1,850 00
Highways — Current Expenses	4,000 00
Highways — Permanent Improvements	10,000 00
Board of Health	2,000 00
Incidentals (\$500 of which to be for assessors plans)	7,000 00
Police	3,500 00
Salaries	3,475 00
Support of Poor	2,500 00
Street Lights	7,570 00
Fire Department	4,700 00
Grand Army	150 00
Cemetery	4,500 00

Sums voted in 1892 as follows :—

Fairview Avenue	\$1,100 00	}	2,744 33
High School Furniture	1,000 00		
Board of Health	744 33		

Art. 14. To see if the town will authorize its Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed a Collector may use.

So authorized.

Art. 15. To see what amount the Town will authorize its Treasurer to borrow, in anticipation of the tax to be levied the current year.

\$60,000, authorized.

Art. 16. To see if the town will authorize its Treasurer,

with the approval of the Selectmen, to borrow money to renew or replace any existing loan or loans.

So authorized.

Art. 17. To see if the town will authorize its Selectmen to sell at private sale or public Auction, a lot of land situated on Southerly side of Thatcher street, in this town, being lot No. 63, in Div. 4, on the plan of the 4th and 5th Divisions of Section 6, of the Real Estate and Building Co's. land in Hyde Park, and authorize its Selectmen to sign, seal, acknowledge and deliver in its name and behalf, proper deed or deeds to convey the same to the purchaser of said land.

So authorized.

Art. 18. To see if the town will authorize its Selectmen to purchase a lot of land containing material for the stone crusher, and appropriate money therefor.

So authorized, and money received from sale of other lands appropriated therefor.

Art. 19. To see if the town will appropriate a sum not exceeding \$2,000, for the use of the Park Commissioners.

\$2,000 so appropriated, to be raised by taxation the current year.

Art. 20. To see if the town will authorize and instruct its Cemetery Commissioners to convey to Timothy Ingraham Post 121, G. A. R. for a nominal consideration a suitable lot in Fairview Cemetery for burial purposes.

So authorized and instructed.

Adjourned.

Dec. 19, 1893, a Town meeting was held in the Y. M. C. A. Hall, when the following articles were acted upon viz :

Article 1. To choose a Moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen.

Art. 2. To see if the town will authorize the Selectmen to repair, strengthen or replace the Fairmount Avenue bridge, and appropriate money therefor.

Selectmen so authorized, at an expense not exceeding \$1.100, and said amount to be taken from funds now in the treasury received as fines.

Art. 3. To see if the town will appropriate fifteen hundred dollars for the support of the schools, as follows; \$500.00 for incidentals; \$500.00 for text books and supplies, and \$500.00 for evening schools.

So appropriated, to be raised by taxation next year.

Art. 4. To see what action the town will take with reference to the bridge on East River street, over the N. Y. & N. E. R. R.

Referred to the Selectmen with full powers.

Art. 5. "To see what action, if any, the town will take with a view to giving employment to a larger number of the townspeople than are now employed,"

Referred to a committee of five to be appointed by the Moderator, and selected from the persons who signed the petition to the Selectmen, requesting the insertion of this article in the warrant. The Moderator appointed Messrs. C. L. Farnsworth, Michael Mulcahey, Jeremiah Corbett, Frank B. Rich, and Thomas Murray as the committee.

Adjourned.

Feb. 6, 1894, a Town meeting was held in the Y. M. C. A. Hall, and the following articles acted upon: viz.

Article 1. To choose a Moderator to preside at said meeting.

Charles G. Chick, Esq., was chosen Moderator by ballot.

Art. 2. To hear the report of the committee appointed at the last town meeting in the matter of finding employment for our townspeople.

This report was presented in writing and was accepted and placed on file. The committee recommended the appropriation of \$2.000, for highway purposes.

Art. 3. To see if the town will appropriate a sum not exceeding two thousand dollars for highways, and how the same shall be raised.

\$2.000, appropriated for this purpose, to be raised by taxation the present year.

Adjourned.

Married in January, 9; February, 10; March, 6; April, 6; May, 6; June, 11; July, 7; August, 7; September, 8; October, 13; November, 3; December 6.

The following are the names and residences of the parties whose marriages were solemnized in 1893, certificates of which have been filed in this office : —

- Jan. 9. Frank L. Mercer and Annie Stanley, both of Hyde Park.
- “ 19. John A. Rooney of Hyde Park, and Katharine H. Cusack of Boston.
- “ 21. William J. Tracey of Hyde Park, and Etta J. Lord of Milton.
- “ 18. William W. Scott and Minnie J. Monroe, both of Hyde Park.
- “ 31. Herbert S. Pease of Hyde Park, and Blanche M. Chase of Peterborough, N. H.
- “ 2. Thomas Pritchard and Catharine Martin, both of Hyde Park.
- “ 4. Edward Deering and Honora J. Welch, both of Hyde Park.
- “ 16. Jasport Cote and Celina Desjardun, both of Hyde Park.
- “ 23. Fred E. Aylward and Nellie Feehan, both of Hyde Park.
- Feb. 8. Frank E. Thomas and Margaret R. Hickey, both of Hyde Park.
- “ 7. John S. Shea of Dedham, and Johanna Lucy, of Hyde Park.
- “ 13. Edmund Connell and Bridget Fennessey, both of Hyde Park.
- “ 21. Charles Kerr of Cambridge, and Jane A. Taylor of Hyde Park.
- “ 23. Robert Gray and Abbie A. McDonald, both of Hyde Park.
- “ 25. Owen Ryan and Mary Melrose, both of Hyde Park.
- “ 2. Charles G. Bonner of Fresno, Cal., and Louise L. Tripp of Hyde Park.
- “ 1. Henry D. Griffin of Boston, and Bridget Sullivan of Hyde Park.
- “ 22. Leopold R. Bewer of Hyde Park, and Maud H. Lord of Boston.
- “ 1. Edward L. Jordon of Hyde Park, and Josephine H. Neale of Boston.
- Mar. 29. Leonard A. Wood and Hattie C. Hutchins, both of Hyde Park.

- May 22. Thomas Evans and Nancy Stuart, both of Hyde Park.
 " 27. Herbert E. Robinson and Cassie Scott, both of Milton.
 " 20. Paul Tate and Elizabeth Ward, both of Hyde Park.
 " 15. William F. Burbank of Winston, N. C., and Blanche M. Walkerley of Oakland, Cal.
 " 11. Per A. Lunderwall and Josephine M. Anderson, both of Hyde Park.
- April 29. Alexander McNeill and Mary C. Henderson, both of Hyde Park.
 " 18. David S. Shaw and Annie M. Lawson, both of Hyde Park.
 " 18. Walter E. Floyd and Mary M. Fuller, both of Chelsea.
 " 19. Fred C. Noyes and Alice M. Pierce, both of Hyde Park.
 " 27. Carter A. Grover of Albany, Me., and Amelia S. Matthewson of Hyde Park.
 " 6. Thomas J. Ford of Beverly, and Ellen Delaney of Hyde Park.
- May 4. Charles I. Wood of Lynn, and Mamie A. Brewer of Hyde Park.
 " 24. William L. Durant and Mary J. Griffith, both of Hyde Park.
 " 8. Arthur W. Woodworth and Jessie L. Biggs, both of Hyde Park.
 " 25. Arthur C. Zimmerman and Margaret E. Desmond, both of Hyde Park.
 " 28. Morris Gelewitz of Hyde Park, and Rebecca Cohen of Boston.
 " 4. John Mitchell and Bridget McGinnis, both of Hyde Park.
- June 15. Henry R. Stone and Alma H. Putnam, both of Hyde Park.
 " 21. Charles C. Andrews of Hyde Park, and Mary E. Irving of Newton.
 " 21. Robert J. Gerrish of Hyde Park, and Elizabeth Corbett of Dedham.
 " 21. Arthur Langer and Margaretha J. Brostrom of Hyde Park.
 " 30. Charles E. E. Blood of Groton, and Sarah A. E. Trefethen of Hyde Park.
 " 7. Harry A. Norris and Nettie B. House, both of Hyde Park.
 " 3. Morris H. Cutting and Alice W. Lawrence both of Hyde Park.
 " 26. James E. Wilson and Jennie L. Winchenbaugh, both of Hyde Park.
 " 7. Phillip Turner of West Peterboro, N. H., and Florence Bidwell of Hyde Park.

- June 1. Frank H. Green of Boston, and Margaret A. Jeffers of Hyde Park.
- " 5. John P. Lynch and Mary E. Carroll, both of Hyde Park.
- July 20. Alfred H. Campbell of Johnson, Vt., and Marion E. Blake of Hyde Park.
- " 11. William H. Bowman and Jane Morrison, both of Hyde Park.
- " 12. Walter G. Lugton and Eliza B. Woodman, both of Hyde Park.
- " 22. Patrick McGrath and Jane Murray, both of Hyde Park.
- " 25. Leon A. Pratt of Hyde Park, and Carrie M. Norwood of Gloucester.
- " 27. Harry S. Durkee and Florence A. Rogers, both of Hyde Park.
- " 26. George H. Barney of Hyde Park, and Maria J. Brown of Camden, Me.
- Aug. 7. U. Scott Lawrence and Harriet M. Strachan, both of Hyde Park.
- " 11. Patrick Welch of Hyde Park, and Nora Clancy of Boston.
- " 10. Irad S. Burton and Maggie Burton, both of Hyde Park.
- " 23. Newton B. Crummet and Marion Corbett, both of Hyde Park.
- " 3. Robie D. Eaton of Lynn, and Lalia B. Blenkhorne of Hyde Park.
- " 6. Walter F. Fairbanks of Hyde Park, and Lucy A. H. Pollard of Boston.
- " 23. William C. Tingley and Annie E. Griggs, both of Hyde Park.
- Sep. 20. Francis H. Bennet of Boston, and Maude E. Cutting of Hyde Park.
- " 21. Arthur W. Cottle of Malden, and Grace G. Wood of Hyde Park.
- " 20. Noble W. McBride and Ada Burbidge, both of Hyde Park.
- " 19. James S. Quinn and Matilda Strachan, both of Hyde Park.
- " 20. Elmer R. Fernald and Hattie I. Williams, both of Hyde Park.
- " 14. Edwin A. Strickland of Canton, and Willietta Hamilton of Hyde Park.
- " 13. Fred. A. Foster and Alice M. Letson, both of Hyde Park.
- " 1. Ira J. Hunt and Gertrude Porter, both of Hyde Park.
- Oct 11. Frank B. Hoffses and Ida B. Paine, both of Hyde Park.
- " 7. John N. Bradley and Henrietta H. Wright, both of Hyde Park.

- Oct. 25. Guy Loomer of Chelsea, and Lottie E. Porter, of Hyde Park.
- “ 12. John A. Paine of Hyde Park, and Martha W. Hunter, of Boston.
- “ 16. Herbert L. Bailey of Amesbury, and Louise G. Burger, of Hyde Park.
- “ 25. Henry E. Lindall of Boston, and Emma L. Tretethen, of Hyde Park.
- “ 24th. Charles P. Simmons of New York. N. Y. and Bessie E. Goodwin, of Hyde Park.
- “ 25. Alfred E. Howes and Lucy W. Howard, both of Hyde Park.
- “ 4. James McNaught and Elizabeth C. Reed, both of Hyde Park.
- “ 18. Edward W. Millet of Quincy, and Elizabeth Ingles, of Hyde Park.
- “ 10. Charles H. Barstow of Crow Agency, Montana, and Louise U. Whitchee, of Hyde Park.
- “ 4. Boylston A. Beal of Nahant, and Elizabeth S. Grew, of Hyde Park.
- “ 25. Lawrence S. O'Brien and Susan N. Dolan, both of Hyde Park.
- Nov. 6. Clifford R. Colby of Boston, and Mary A. Gray, of Wakefield.
- “ 7. Martin T. Foley of Portland, Me., and Sarah V. McDonough, of Hyde Park.
- “ 29. Lawrence M. Gould and Hattie H. Badger, both of Hyde Park.
- Dec. 6. Orrin W. Manuel and Clara M. Ryan, both of Hyde Park.
- “ 15. Fred. Faulkner of Hyde Park, and Flora Beliveau, of Harrisville, N. H.
- “ 24. William G. Bourne and Elizabeth T. Thompson, both of Hyde Park.
- “ 25. Warren C. Morse of Sharon, and Harriet J. Tingley, of Hyde Park.
- “ 25. Charles A. Day of Hyde Park, and Emilie F. Kreis, of Dedham.
- “ 19. Magnus A. MacSwain of Hyde Park, and Annie Carlson, of Boston.

Respectfully submitted,

HENRY B. TERRY,

Town Clerk.

REPORT OF THE BOARD OF HEALTH.

TO THE CITIZENS OF HYDE PARK :

As required by the Statutes of the Commonwealth we submit the following report.

The Board organized at its first meeting by the election of A. D. Holmes, M. D. as Chairman, and E. C. Farwell, secretary.

The regular meetings of the Board are the first and third Tuesdays of each month, and meetings have been held at other times when necessary.

As the town increases in size the duties of the Board of Health increase and the necessity for such a Board is more and more apparent.

When the Board entered upon its duties at the beginning of the year, it was with the intention of doing all it could to make the town healthy, at as little expense as possible, and for the first time for several years we are able to report all bills paid and a small balance in the treasury. This was brought about, first by taking into the Board the posting of notices of contagious disease, and granting burial permits, which according to prices paid in former years (to persons outside of the Board) would have cost nearly one hundred dollars, and by the town being willing to place in the hands of the Board money enough to pay old accounts with that necessary for the year's work.

As it is impossible for any member of the Board to inspect all places in the town, to see that they are in proper condition, we must rely on citizens to notify us of places that need attention. When such notices have come in proper form, we have attended to them.

If it were possible for the town to arrange for a system of sewerage, much more could be done to abate nuisances which now exist.

COLLECTING OFFAL.

At the commencement of the year, notices were placed in each of the newspapers calling for bids for collecting of offal. The Board were of the opinion that some better method could be obtained than the one in use. As only two bids were put in, and those from the same parties that did the work the year before, the contracts remained the same. The Board still thinks that something should be done. Those living in the Readville district have been without this service on account of lack of funds to extend it to them. In our opinion this section should be included in next year's contract.

CONTAGIOUS DISEASE.

As will be seen by the report, there have been more cases of measles and diphtheria than last year, while in other cases of contagious disease there has been a falling off. There have been no cases of small pox and we earnestly hope the town will be saved the trouble and expense that would come from occurrence of such disease, and to guard against it, free vaccination was given to all who wished to avail themselves of it. Over 600 were vaccinated. If a small building could be erected for use in such cases we think the town would be benefitted by it. The cases of contagious disease are as follows :

Diphtheria,	30 cases	with	5 deaths.
Typhoid Fever,	7 "	"	4 "
Scarlet Fever,	13 "	"	0 "
Measles,	88 "	"	0 "
Membraneous Croup,	3 "	"	2 "
Making total of 141 cases and 11 deaths.			

LOW WET LAND.

There are many places where the land is low and wet and

which seem to be inviting places for dumping all kinds of filth and rubbish, causing malaria and other diseases ; if these places could be filled in a proper manner, the health of the town at large would be better, as well as making the land more valuable. Many of these places have been attended to and others will be as soon as the weather will permit.

REGULATIONS OF THE BOARD OF HEALTH

[SEAL.]

OF THE TOWN OF HYDE PARK.

PUBLIC STATUTES, CHAPTER 80, SECTION 18. — The Board of Health of a town shall make such regulations as it judges necessary for the public health and safety, respecting nuisances, sources of filth, and causes of sickness within its town. Whoever violates any such regulations shall forfeit a sum not exceeding one hundred dollars.

In accordance with the foregoing provisions of law, this Board makes the following regulations, which will be strictly enforced.

REGULATION 1.— The owner, agent, or occupant having the care of any tenement used as a dwelling house, shall furnish the same with sufficient drain, under ground, to carry off the waste waters ; also with a suitable privy or water closet sufficient for the accommodation of all those inhabiting the premises. All waste pipes from water closets, sink bowls, bath and other set tubs, shall be suitably trapped, and all drains entering cesspools must be made water tight. There should also be a trap in the soil pipe between the house and cesspool, and provision made to admit air into said pipe between the house and trap.

REGULATION 2.— All privy vaults, unless water tight, shall be so constructed that the inside of the same shall be at least five feet distant from the line of every adjoining lot or street, and from any dwelling house and shall be provided with a ventilation through the roof ; the same shall not be used as cesspools nor receive drainage from the premises ; their contents shall not be allowed to leak out or otherwise become offensive.

REGULATION 3.— All waste water will be so conveyed through sufficient drains, under ground, to a reservoir sunk under ground as shall be approved by the Board of Health. No person shall allow any drain or the overflow of any cesspool to enter any running

stream, or any drain constructed for surface water, and no person shall suffer any house drainage or other offensive water to remain in any cellar, or upon any lot or vacant ground by such person owned or occupied. All privy vaults and cesspools within thirty feet of any well or spring, the water of which is used for domestic purposes, must be water tight.

REGULATION 4.—The Board, when satisfied upon due examination that a cellar, room, tenement or building in the town occupied as a dwelling place, has become by reason of the number of occupants, want of cleanliness or other cause, unfit for such purpose, and a cause of nuisance or sickness to the occupants or to the public, may issue a notice in writing to such occupants, requiring the premises to be put in proper condition; or if the Board see fit they may require the premises to be vacated, and the same shall not be again occupied without the written permission of the Board.

REGULATION 5.—No person shall throw or put into any public place or pond, or running stream or body of water, or in any other place where the Board of Health may deem it a nuisance, any dead animal, animal matter, decayed fruit or vegetables, dirt or rubbish whatever; nor shall any person throw into or upon any flats within the jurisdiction of the town, any dead animals, filth or offensive matter.

REGULATION 6.—No person shall remove or carry in or through any of the streets, lanes or avenues, places or alleys within the town of Hyde Park, the contents of any cesspool, vault or privy well, swill or house offal, (either animal or vegetable,) or grease or bones, unless a permit be granted by the Board of Health upon such terms and conditions as said Board may deem necessary.

REGULATION 7.—No person shall bury swill or house offal, or the contents of any cesspool, vaults, privy, or privy well within the limits of the town of Hyde Park unless a permit be granted by the Board of Health.

REGULATION 8.—Parties will be licensed by the Board of Health to collect swill and refuse matter from houses in Hyde Park twice a week or oftener, and all housekeepers and others are directed to deliver the same to those duly authorized to make such collections.

REGULATION 9.—No person shall bring into the town, keep or offer for sale any diseased, putrid, stale or unwholesome meat, vegetables or provisions.

REGULATION 10.—No person will be permitted to keep any swine within the limits of the town of Hyde Park without a written permit from the Board of Health.

REGULATION 11.—Any person sick with the small pox or other

contagious disease, together with all persons in attendance upon them, and the premises where such sick person is, will be subject to the control of the Board, and no person shall enter or leave a house wherein a person is or has been sick with the disease, or in any way come in contact with the inmates of such house, except by permission of the Board.

REGULATION 12.—Whenever the Board of Health shall ascertain that any person is sick with small pox, scarlet fever, diphtheria, or any other disease dangerous to the public health, the Board shall at their discretion, have full control of said person or premises, and shall, if they deem proper, order the premises vacated.

REGULATION 13.—All persons are warned not to approach a house of the surrounding premises whereupon is displayed a disease flag by day, or a red light at night.

REGULATION 14.—The bodies of all persons dying of small pox, scarlet fever, typhus fever or diphtheria must be immediately disinfected and placed in a tight coffin, which shall not be reopened, and the bed, bed clothing, and other clothing used by any such person, and by those in attendance on him, and all the furnishings of the sick room, thoroughly disinfected before being taken from said room. In the above case no public funeral will be allowed without permission from the Board of Health.

REGULATION 15.—The owner, or persons having charge of any vehicle, public or private, used at a funeral in the foregoing cases, to carry the deceased, or any of the family or attendants of the deceased, shall forthwith report the fact to the Board of Health, and shall thoroughly disinfect such vehicle before the same is again used, and take such other precaution as the Board of Health shall direct.

REGULATION 16.—Any person in the town of Hyde Park, who knows or suspects any domestic animal has contagious disease (such as glanders in horses or cholera in swine) must immediately report the same to the Board of Health. The penalty for neglect to do so is fine or imprisonment. The above is in accordance with the provisions of Chapter 252 of the Acts of 1887.

REGULATION 17.—All complaints in relation to nuisances and sources of filth injurious to the public health and safety, must be made in writing to the Board of Health, with a description of said nuisance and of the premises on which it exists, with the owner's name, if known to the complainant. Such complaints must bear the signature of the complainant. Whenever such complaint shall be made as aforesaid, the Board of Health will proceed to examine the

premises complained of, and will take measures to abate the nuisance, if such is found to exist.

Fully believing that a large proportion of contagious diseases originate from unsanitary conditions, we trust we shall have the aid of all citizens and property owners in carrying out the above regulations, which are based on statute laws, and the sanitary rules of our large towns.

For burial permits, apply to F. C. Graham, 10 Hyde Park avenue.

FINANCIAL,

The amount appropriated and expended is as follows :

Appropriation,		\$2,000
Bills paid on account of 1892		
Paid Mrs. F. Hukin,	\$ 108 00	
C. H. Crumett,	122 50	
A. G. Childs,	16 57	
C. H. Lord,	3 50	
T. M. Minnis,	1 00	
E. Davis,	30 00	
S. P. Sharples,	20 00	
	<hr/>	\$301 57
Bills paid on account of 1893		
Paid Mrs. F. Hukin,	\$702 00	
C. H. Crumett,	651 00	
A. G. Childs,	8 50	
J. Snellgrove,	2 25	
W. D. Ward,	75	
S. R. Moseley,	14 00	
F. E. Langley,	2 00	
J. Crowley,	2 25	
B. B. Kivlin,	7 00	
J. Reagan,	1 00	
Little, Brown & Co.	5 25

H. A. Stahl,	4 75	
Doctor's Free Vaccination,	43 00	
Otis Clapp & Son.	45 80	
T. M. Minnis,	1 50	
S. B. Balkam,	3 38	

Paid E. Davis,	25 00	
	<hr/>	\$1,577 97
		<hr/>
Total appropriation,	\$2,000 00	\$1,879 54
Total expended,	\$1,879 54	
Balance on hand,		<hr/>
		\$120 46

In closing this report we wish to call attention to the law, which was passed in relation to the appointment of Inspector of Plumbing. This appointment must be made. We have been unable to make it for lack of funds, and the matter will have to come into the appropriations for another year.

Respectfully submitted,

A. D. HOLMES, M. D.,

J. C. LINCOLN, M. D.,

E. C. FARWELL,

Board of Health of the Town of Hyde Park, Mass.

REPORT OF THE TRUSTEES OF THE PUBLIC LIBRARY.

The past year has witnessed the constantly increasing popularity of this department of Hyde Park's many privileges, and your trustees would be lax in duty should they fail to again call attention to the necessity in the near future of better accommodations, than the present cramped and steadily contracting quarters afford. You have a library as regards size and quality of which you may well be proud. It is doing most excellent work in this community, and when installed in a suitable permanent home, will be a joy, as well as pride of all our citizens. There are a large number of our residents who are not attracted to the present location of the library, who have little conception of its value ; to such we desire to extend a cordial invitation to avail themselves of its benefits, and assist in awakening a public sentiment in favor of such accommodations as its importance requires.— In this connection we desire to call attention to the Treasurer's report, showing a fund now available of \$6,630.21 for this purpose.

The branch delivery station at Readville mentioned in our last report is still continued with excellent results, and under similar conditions, might be profitably adopted in one or two other sections of the town.

The increasing demand for periodical literature has been met as well as the limited amount at our disposal would allow. The leading magazines are among the volumes most desired both for home and in the reading room, and the character and quality of the work they represent appears to justify us in providing as liberally as possible for this de-

mand, without detracting from the standard and general character of our library established by our predecessors.

The total home circulation for the year ending Jan. 1st 1894, has been 33,429. Number of magazines issued for use in the reading room 1,681. Number of volumes issued for use in the reading room 1,883. Additions have been made to reference books which are in constant use in the reading room, they can be obtained at any time without application to the librarian.

The number of volumes added to the library the past year by purchase is 675.

The following is a list of donations received.

B. F. Radford	1	Volume.
F. W. Darling,	2	"
W. G. Colesworthy,	2	"
Ella W. Cobb,	1	"
Mass. Charitable Mechanics Association,	1	"
Commonwealth of Mass.,	16 volumes and 2 pamphlets.	
U. S. Government,	14 volumes and 22 pamphlets.

REPORT OF THE OVERSEERS OF THE POOR.

TO THE CITIZENS OF HYDE PARK :

The Overseers of the Poor in presenting their annual report take pleasure in calling attention to the fact, that the prediction generally made early in the winter, that owing to the large number out of employment the poor fund would not be sufficient to meet the calls for aid, has not been fulfilled.

There has been an increase in expenditures amounting to 20 per cent. more than last year, and a corresponding increase in the number of persons partially supported. The increase in the number of tramps has been very marked. Compared with the report of last year will show that 90 per cent. more were provided with lodgings during the year past.

Number of persons aided,	4843
" " " fully supported,	7
" " " partially, "	1 08
" " " tramps lodged,	4,731

POLICE REPORT.

TO THE BOARD OF SELECTMEN :

Gentlemen : I herewith submit my annual report of this Department for the year ending January 31st 1894.

Number of persons arrested,	157
-----------------------------	-----

CAUSES FOR ARREST.

Disturbance of the peace.	64
Drunkenness (simple),	28
Drunkenness (common),	2
Assault,	19
Vagrants,	13
Larceny,	5
Breaking, entering and larceny.	4
Violation of liquor law	11
Larceny from person,	1
Attempt to rescue prisoner,	1
Assault with dangerous weapon.	1
Violation of Milk law,	2
Obtaining money by false pretense,	2
Insane,	4

MISCELLANEOUS WORK.

Stolen property recovered,	\$681.00
Stores found open at night,	20
Cases investigated without arrest,	119
Search warrants for intoxicating liquor,	9
Travellers lodged in station house over night,	4,731
The amount of fines imposed by court,	\$1,537.00
The amount of imprisonment imposed by court, 12 years and 10 days.	
Number committed to the House of Correction,	55
Number let off on probation	20

There has been no material change in the working force of this department, except the resignation of George W. Lombard as night watchman. I think we have had a very

successful year as far as detection of crime is concerned, while the number of arrests has been larger in some years, yet the importance of those arrested can be inferred from fact that \$837.76 has been paid into the town treasury from fines collected from parties arrested. I renew with my former recommendations of past years in calling for a larger appropriation for this department, so that districts other than the centre may be covered by officers during a part of the night at least, and also that we have delegated for regular duty two men during all the night; at least two men are essential in my opinion to give satisfaction to our business men for protection.

CHARLES E. JENNEY,
Chief of Police and Keeper of Lockup.

ENGINEER S REPORT.

TO THE HONORABLE BOARD OF SELECTMEN,

Gentlemen : We present herewith our report of this department for the year ending January 31, 1894.

During the year the department have responded to seventeen alarms. The losses by which were \$38,689,77. Insurance \$53,150,00.

The apparatus is all in the best condition. The fire alarm system has worked in a satisfactory manner during the entire year. The following additions have been made. A striker for the Bell on the engine house which for many years has been silent. An 18 inch gong on the Readville Hose house, in place of a small bell, which is now located with a striker on the Church on Arlington street, which gives the alarm in a section of the town heretofore without it. To facilitate our alarm system we need more fire alarm boxes in districts viz : Readville, Fairmount, Clarendon Hills and East River street.

There is also need of more hydrants in all sections of the town, a partial list of the locations of which we have presented to your honorable board.

There is for the use of the department 3,500 feet of good hose, 1,000 feet of fair hose and 500 feet that has been in use many years. The buildings are in fair condition. The furnace in the engine house will have to be replaced before another winter.

FRED A. SWEET,
REUBEN CORSON,
WILLIAM HOLTHAM,
Engineers.

OFFICERS AND NUMBER OF MEN.

The following is a list of the officers and members of the department ;

F. A. SWEET, Chief Engineer.

R. CORSON, Assistant Engineer.

WM. HOLTHAM, Assistant Engineer and Clerk.

Hose Co. No. 1.

E. W. BULLARD, Foreman.

C. M. WANDLASS, Assistant Foreman.

A. J. BOSWELL, Clerk, and six men.

Hose Co. No. 2.

S. McKENZIE, Foreman.

FRED A. SWEET.
REUBEN CORSON.
WILLIAM HOLTHAM.

FIRST ANNUAL REPORT OF PARK COMMISSIONERS.

TO THE CITIZENS OF HYDE PARK :

The first important act of your Commissioners was to ask for an appropriation of \$2,000 for Park purposes, not because that would purchase any lot of land suitable for a Park but to test the present interest of the citizens in this permanent improvement. The voters by an overwhelming majority indorsed this recommendation and put themselves on record as in favor of public parks.

The Board decided that for the present it was unwise to expend anything for the improvement of Camp Meigs Park at Readville, thinking it better to keep the money so far as possible until a sufficient sum had been appropriated to purchase some one of the many desirable park locations in which our town abounds. But, as any local park will cost more than \$2,000, and as your Commissioners have no right to purchase any land until the full purchase price has been appropriated, the Board recommend that the town in 1894 appropriate \$2000 for park purposes. By making small appropriations from year to year but little will be added to the tax rate, and an emergency may arise when a small sum might be of great use.

Your commissioners examined with care many desirable locations, and ascertained in some instances the price at which land was held; but on mature reflection it was unanimously decided to devote their attention this year to securing the aid of the Metropolitan Park Commissioners.

The town has several park sites of a Metropolitan charac-

ter which will receive due attention in time, but two are so marked that the suggestion is sufficient to convince a non-resident even, of their great importance. A park-way along the banks of the Neponset, connecting the Blue Hill and Stony Brook reservations with the sea, from the artistic standpoint, almost appears to be a necessity; and Muddy Pond Woods (recently named Stony Brook Reservation) presents a wealth and variety of attractions, unequalled elsewhere in the vicinity of Boston. Your Commissioners decided that in order to accomplish anything definite they must concentrate their efforts, and they were soon convinced that it would be a waste of energy to attempt to persuade the Metropolitan Park Commissioners to take any portion of the River banks this year. From its mouth to Paul's bridge, the Neponset will be dealt with, from a Metropolitan standpoint, at some time not very far distant; but not until the State grants a further appropriation, and doubtless not until the Charles River problem has been solved. Your Commissioners therefore decided to use their best efforts to secure the taking of Stony Brook Reservation.

The State having appropriated one million dollars (\$1,000,000) for the use of the Metropolitan Park Commissioners, our town avoids the necessity of raising any money to pay for the Park taken by them, and yet it has the same privileges as it would if it were purchased by the town; and as Boston has to pay fifty per cent. of the entire amount, and other towns benefitted have to pay their share, the sum which Hyde Park will be called upon to pay is greatly lessened; and the payments are made in small instalments to the State, covering a period of forty years, and collected in the same manner as the State tax. The entire expenses of our Board, amounting to less than \$50, have been incurred in our efforts to promote the taking of this interesting locality—a wilderness preserved in the midst of cities and populous towns, with grand rocks and ledges, ponds and

streams, boating and skating, charming scenery and views, and a profusion of wild-flowers and shrubs. It gives us great pleasure to state that the Metropolitan Park Commissioners have voted to take this location for park purposes, and it is altogether probable that before this report is in print the exact lines will be defined and the land actually condemned and taken.

While it would be simply impracticable to locate a park equally distant from each dwelling, Stony Brook Reservation is remarkably accessible. Should the boundary now being discussed be adopted, residents of Clarendon Hills, Hazlewood, East River Street, Fairmount, the centre of the town and Mount Neponset would enter from West street, at the terminus of Gordon avenue, or at Cleveland street. Those from Readville and Sunnyside would reach it by Happy Valley, Glenwood avenue and Cleveland street. The advantage of situation to Sunnyside residents will be largely made up to the citizens of Fairmount by the proximity of the Blue Hill Reservation, or nearly 4,000 acres, already secured, and now being put in order.

JOHN B. BACHELDER, Chairman.

JOHN J. ENNEKING.

WILBUR H. POWERS,

Secretary and Treasurer.

REPORT OF THE CEMETERY COMMISSIONERS.

The Cemetery Commissioners submit their second annual report for the financial year, ending January 31st, 1894.

They have received \$2,086.19 as follows :—

Sale of lots,	\$1,605 00
Single graves,	70 00
Interments,	166 00
Grading Grand Army lot,	32 00
Foundations for Monuments,	89 59
Balance from last year,	125 60
Total,	\$2,086 19

They have expended \$4,164.21. (For detailed statement of receipts and expenditures, see financial statement, accompanying this report.)

During the past year, the Commissioners have built parts of Fairview, Aspen and Linden Avenues and Violet, Thistle and Weigela Paths. They have also graded in a most thorough manner, fifty-one lots, bounded with stone posts. There are now seventy-one lots ready for use and unsold.

The Commissioners have laid out a large plot of ground for single graves, thoroughly grubbing and grading the same, and have now one hundred single graves ready for use.

They have purchased and set this year three hundred stone corner posts, at a cost of \$240.00. This amount does not include the labor of setting the posts.

Pursuant to the vote of the Town, we have conveyed to the Trustees of Timothy Ingraham Post No. 121, G. A. R., a large lot at the corner of Linden and Magnolia Avenues.

We have just received a petition signed by leading citizens of the Catholic faith, requesting that immediate steps be taken to set apart a portion of the Cemetery for the burial of those of that religion, as has been done in Dedham and other towns. As this is a matter for the Town to act upon,

and not under our control, we recommend that a suitable article be inserted in the warrant for the annual appropriation meeting to put this request in proper shape for action. The granting of this petition will necessitate a larger appropriation than that hereinafter recommended, but how much larger we cannot at present state. We shall endeavor to present an estimate of the additional cost at the proper time.

By a vote of the Town, the Commissioners were instructed to build a receiving tomb. After some delay in getting satisfactory plans, a contract was finally made and the tomb is now nearly completed, it being the intention of the Commissioners to have it ready for use by the time this report is in the hands of the voters. They have been particular to have the latest ideas incorporated in the plans for this tomb, and to build one which would be large enough for all future needs of the Town.

The report shows an unexpended balance of \$902.98, but it will be necessary to use the above amount to complete the tomb.

The Commissioners think it for the interest of the Town that a section of Fairview drive should be built, also parts of avenues and paths which are not now completed. For this purpose, they recommend an appropriation by the Town of \$2,000.00 for the ensuing year. Unless the town should direct some special work to be done, after this coming year, a smaller appropriation will probably be sufficient for the needs of the cemetery.

STATISTICS.

AUDITORS' REPORT.

In compliance with the By-laws of the Town the undersigned have examined the accounts of the Selectmen, School Committee, Collector of Taxes, Town Treasurer, Commissioners of Sinking Fund, Trustees of the Public Library, Overseers of the Poor, and Board of Health, and hereby certify that the same are correct, and all payments accompanied by proper vouchers.

WALLACE D. LOVELL,
CHARLES F. MORRISON,
ASA J. ADAMS,

Auditors.

BY-LAWS.

NOTIFICATION OF TOWN MEETING.

Every town meeting shall be notified by posting copies of the warrant calling the same, in ten public places in the town, seven days, at least, before the day appointed for said meeting.

ANNUAL TOWN MEETINGS.

The annual town meeting for the election of town officers shall be held on the first Monday of March of each year. The meeting shall be opened at seven o'clock A. M., and the polls shall be kept open until sunset.

A town meeting shall also be held annually between the first Monday of March and the first Monday of April, for appropriating such sums of money as may be necessary for town purposes, and for transacting such other business as may legally be brought before said meeting.

RULES FOR THE GOVERNMENT OF TOWN MEETINGS.

1.—All questions submitted for the consideration of the town, involving the expenditure of money, shall be in writing, when so required by any legal voter.

2.—No vote fixing the period for closing a ballot shall be reconsidered after such ballot shall have commenced; but it may be in order to extend the period without such reconsideration.

3.—When a question is under debate, motions shall be received to adjourn, to lay on the table, the previous question, to postpone to a certain time, to postpone indefinitely, to commit, or to amend; which several motions shall have precedence in the order in which they are herein arranged.

4.—The powers and duties of the presiding officer, not especially provided for by law, or by the foregoing rules, shall be determined by the rules of practice contained in "Cushing's Manual," so far as they are adapted to the condition and powers of the town.

5.—No vote shall be reconsidered except upon a motion made within one hour after such vote has passed, unless such reconsideration is ordered by a vote of two-thirds of the voters present and voting

FINANCIAL YEAR.

The financial year of the town shall begin with the first day of February in each year, and end on the thirty-first day of the following January.

The selectmen, overseers of the poor, board of health, surveyors of highways, and school committee shall post in some conspicuous place at their official rooms, a notice of the times of their respective meetings.

COLLECTION OF TAXES.

1.—The assessment of taxes shall be completed, and a list of the same delivered to the collector, on or before the first day of August of each year.

2.—All taxes which may be assessed, if paid on or before the first day of October next after the assessment, shall be entitled to such discount as the town shall vote at its annual meeting. All taxes shall be due and payable on or before the first day of November next following the assessment of said taxes.

3.—On the first secular day of each month, the collector shall pay over to the town treasurer all the taxes collected by him; and he shall, on or before the first day of February in each year, make up his account and render the same to the auditors.

DUTIES OF THE AUDITORS.

1.—The auditors shall examine the accounts of the selectmen, school committee, treasurer, collector, trustees of the public library, and all other officers or committees entrusted with the expenditure of money, quarterly, and shall certify as to the correctness of the same in the printed annual report.

2.—Before certifying to the accounts of the treasurer, they shall examine his cash-book, wherein shall be entered his receipts and payments, as they occur from day to day, shall see that he has paid out no moneys except on proper vouchers, carefully examine all payments for interest, and see that the funds on hand are intact.

3.—Before certifying to the collector's accounts, they shall examine his cash-book, showing the amounts collected from day to day, and showing when the same were paid over to the treasurer; shall see that he has collected interest on all taxes overdue, and shall see a complete list of abatements, and also a list of unpaid taxes.

4.—They shall see that the accounts of the trustees of the public library are kept in a correct manner, and that all payments are accompanied with proper vouchers.

COASTING.

Coasting on any of the public streets of the town is prohibited, except upon such streets as the selectmen may designate each year by public notice.

HIGHWAY AND POLICE REGULATIONS.

1.—No building shall be removed over a public street without the written permission of the selectmen.

2.—The owner of such building, or the person or persons removing the same, shall give a bond in such penal sum, and with such sureties as the selectmen shall determine, with condition to reimburse the town for all sums of money which it may be liable or compelled to pay in consequence of such use of the highways.

3.—No person except the selectmen or the surveyors of highways, in the lawful performance of their duties, or those acting under their orders, shall break or dig up the ground in any street or public way in the town, without first obtaining a written permit from the selectmen; and all persons acting under such permit shall put up and maintain a suitable railing or fence around the part of the street so broken up, so long as the same shall remain unsafe or inconvenient for travellers, and he or they shall keep one or more lighted lanterns fixed to such railing or fence, or in some other way exposed every night from twilight in the evening through the whole night, so long as such street or way shall be or remain unsafe or inconvenient for travellers.

4.—No person shall ride or drive a horse in any street in the town at a rate faster than eight miles an hour.

5.—No person shall, without the written consent of the selectmen, play at any game in which a ball of any kind is used, or fly a kite, or throw or shoot stones, arrows, balls, snow-balls, or other missiles, or discharge any gun, cannon, or firearm, or make any bonfire or other fires in any street or way where the public have a right to pass.

6.—No person shall propel, drive, wheel or draw any bicycle, tri-cycle, cart or vehicle of any kind whatsoever except a child's carriage drawn by hand, nor use roller skates upon or over any sidewalk in this town, nor permit nor suffer any horse, cattle, swine or sheep, belonging to him or under his care or keeping, to go upon or over the same, nor suffer any horse to remain hitched across, or upon, or otherwise obstruct or injure, any such sidewalk.

7.—No person shall hitch or fasten any horse to any ornamental tree standing or growing on or near any sidewalk, or to the boxing or guard about said tree, without the consent of the owner thereof.

8.—No person shall without a written license from the selectmen place or cause to be placed, or suffer to remain within the limits of a street or upon any sidewalk, so as in any manner to obstruct the travel thereon, any vehicle, wood, coal, manure, dirt, gravel, stones, building material, barrels, boxes, merchandise, or any rubbish or obstruction whatever.

9.—No person shall carry in a public street, house-offal, either animal or vegetable, or grease, or bones, or the contents of cesspools or vaults, unless he has been expressly licensed therefor by the Board of Health, upon such terms and conditions as said board may deem that the health and interests of the town require.

10.—Loud crying of wares or merchandise, or hallooing, hooting or making loud and unseemly noises on the public streets or squares of the town, to the annoyance of the citizens, is prohibited.

11.—No person shall behave in a rude, indecent or disorderly manner, or use profane, indecent, or insulting language, in any public place, or on any sidewalk or street in the town, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, or be or remain upon any sidewalk, street, or crossing, or about doorways or places of business, to the annoyance or disturbance of any person.

12.—Three or more persons shall not continue to stand or remain in a group or near to each other, on any sidewalk or street or crossing, or in any public place, in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on.

13.—No person shall be or remain in any doorway, or upon any stairs, doorstep, portico or other projection from any house or building, or upon any wall or fence on or near any street or public place, after having been requested by the owner or any occupant of the premises or by any constable or police officer to remove therefrom.

14.—No person shall make any indecent figures, or write, print, paint, or cut any obscene word or words upon, or deface, break or injure in any manner, any fence, post, sign, street lantern, building or structure; or commit a nuisance upon any sidewalk or other place resorted to by the public, or against any tree, building or structure adjoining a sidewalk.

15.—No person shall extinguish any street light, or extinguish or remove any light placed to denote an obstruction or a defect in any street or way, without proper authority.

16.—No person shall swim or bathe in any of the waters within the limits of this town, so as to be exposed in a nude state, to the view of any person passing or being upon any railroad or street or in any dwelling-house in this town.

17.—No person shall intermeddle with any hydrant, gate, gate-box or water pipe placed or located within the limits of any public way in this town, without permission from the selectmen or the Hyde Park Water Company.

PASTURING OF CATTLE OR OTHER ANIMALS ON STREETS OR WAYS.

No person shall pasture any cattle, goat or other animal upon any street or public way in said town, either with or without a keeper, except within the limits of such way adjoining his own premises, and field drivers are instructed to enforce this by-law.

TRUANTS.

1.—This town hereby avails itself of the several provisions of the statutes of this commonwealth, now in force, relating to habitual truants and absentees from school.

2.—All children convicted of habitual truancy hereunder, and children between the ages of seven and fifteen years, residing in said town, and who may be found wandering about the streets or public places of said town, having no lawful occupation or business, not attending school, and growing up in ignorance, may be committed to the Lawrence Industrial School, at Lawrence, Mass., or to any house of reformation which has been or may hereafter be established by the County Commissioners of the County of Norfolk, or to any place provided by this town within its limits, for confinement, instruction and discipline.

3.—Two or more truant officers shall be appointed annually, whose duty it shall be to inquire into all the violations of the truant laws, and of the law relating to compulsory education, and to do all the acts required of them by the laws of the Commonwealth.

4.—It shall be the duty of every truant officer, previous to making any complaint under these laws, to notify the truant, or absentee from school, also his parent or guardian, of the offence committed, and of the penalty therefor, and if the truant officer can obtain satis-

factory pledges for the restraint and reformation of the child, he may, at his discretion, forbear to prosecute so long as such pledges are faithfully kept.

5.—It shall be the duty of the School Committee, the teachers of the public schools, and the citizens generally, to aid the truant officers as far as possible in the discharge of their duties.

6.—It shall be the duty of the truant officers to keep a full record of all their official acts, and make an annual report thereof to the School Committee, who shall publish the same with their own report.

7.—Nothing in these by-laws shall be so construed as to alter or impair the obligation and duty of teachers to enforce punctuality and regularity of attendance, and to preserve good order and discipline.

LIST OF TAX-PAYERS.

The names of all persons paying a tax on real or personal property shall be published annually in the town reports, together with the amount of tax assessed upon each, and whether the same is paid or unpaid.

DUTIES OF TOWN CLERK.

The Town Clerk shall keep a file of all town reports, reports of all committees chosen by the town, and all original documents relating to the affairs of the town which may come into his possession; he shall, as soon as practicable after any election has been held by the town, in addition to the notices he is now directed to give to officers who are required to take an oath of office, also issue a written or printed notice to all persons who have been elected to any other office, or chosen to serve on any other committee, stating the office to which such person has been elected, or the duties which such committee was chosen to perform.

CONTRACTS MADE IN BEHALF OF THE TOWN.

Every contract exceeding one thousand dollars shall be accompanied by a suitable bond for the performance of the same, or by the deposit of money or security to the amount of such bond.

ACTIONS AT LAW.

The selectmen shall have full authority, as agents of the town, to employ counsel to institute and prosecute suits in the name of the town, and appear for and defend suits brought against it, unless otherwise specially ordered by a vote of the town.

CONVEYANCING.

Whenever it shall be necessary to execute any deed conveying land, or any other instrument required to carry into effect any vote of the town, the same shall be executed by the selectmen, or a majority of them, in behalf of the town, unless the town shall otherwise vote in any special case.

BY-LAWS IN RELATION TO THE PREVENTION OF FIRES.

1.—It shall be the duty of every person who shall commence the erection of any building within the town of Hyde Park to notify the Board of Engineers thereof before he shall commence building the chimneys therein.

2.—All chimneys in wooden buildings shall be built of brick, stone, or other fire-proof non-conducting material. All brick flues shall be smoothly plastered *inside* with mortar from top to bottom or lined with earthen pipe, and shall be plastered *outside below the roofing*.

3.—In no case shall chimneys rest upon any flooring without a footing of masonry or iron supported by iron beams, having a secure bearing of masonry or iron at either end.

4.—All flues shall be topped out at least four feet above the roof of the building to which they belong. The brick topping out of chimneys shall not have more than two inches projection unless covered by a cap of metal or stone properly secured.

5.—Hearths of fireplaces or grates shall be laid upon brick or other trimmer arches, or upon bars of iron supporting a bed of brick-work.

6.—No wood-work of any kind shall be placed at a less distance than one inch from the outside brick-work of any flue. In no case shall a nail be driven into the masonry of any flue.

7.—No wood-work shall be placed at a less distance than one inch from any tin or other metal flue or flues, pipe or pipes, used or intended to be used to convey heated air or steam in any building, unless such flues or pipes shall be cased with metal, leaving a free circulation of air all around the same.

8.—No smoke pipe in any such wooden or frame building shall hereafter enter any flue unless the said pipe shall be at least twelve inches from either the floors or ceiling; and in all cases where smoke pipes pass through stud or wooden partitions of any kind, whether the same be plastered or not, they shall be guarded by either a

double collar of metal, with at least four inches of air space and holes for ventilation or by a soap-stone ring, not less than three inches in thickness and extending through the partition.

9.—The Board of Engineers shall examine into all shops and other places where shavings or other combustible material may be deposited or collected, and at all times be vigilant in the removal of the same, whenever, in the opinion of a majority of them, the same may be dangerous to the security of the town from fires; and direct the owner, tenant, or occupant of said shops, or other places, to remove the same; and in case such owner, tenant or occupant, refuses or neglects so to do, shall cause the same to be removed at the expense of such owner, tenant or occupant.

10.—It shall also be the duty of said engineers to take cognizance of all buildings in the town in which any steam engine shall be used, and of all buildings in town in process of erection or alteration, and to make a record of such buildings as in their judgment may from any cause be dangerous, and report the same to the selectmen forthwith. And whenever in the opinion of the majority of the Board of Engineers, any chimney, hearth, oven, stove, stovepipe, fire frame or other fixtures, or any camphene or other explosive or inflammable fluid or material, or whatever else may give just cause for alarm, should be altered, repaired or removed, they, the said engineers, shall forthwith notify and direct the owner, tenant, or occupant of the premises upon which the same are situated, to alter, repair or remove the same, as the said engineers shall direct. And in case such tenant, owner or occupant shall refuse or neglect so to do, the said engineers shall cause the same to be removed, altered or repaired at the expense of such owner, tenant or occupant. And any person who shall obstruct the engineers, or any of them, in carrying out the provisions of this section, shall be liable to the penalty hereinafter stated.

11.—The removal, extension or essential alteration of any building; also the rebuilding or repairing of any building which has been partially destroyed by fire, shall be subject to the same restrictions as are imposed by the foregoing By-laws on the erection of buildings.

PUBLICATION OF BY-LAWS.

The Selectmen shall publish these By-laws annually in connection with the town report.

PENALTIES UNDER THE BY-LAWS.

Every violation of any of the foregoing By-laws shall be punished by a fine of not less than one dollar nor more than twenty dollars, to be recovered by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

PROSECUTION UNDER THE BY-LAWS.

Any citizen may, and the selectmen, constables, and police officers shall, prosecute every violation of the foregoing By-laws, by complaint before any trial justice in the County of Norfolk, or any other court having jurisdiction.

LIMITATION OF ACTIONS.

No person shall be prosecuted or tried for any breach of the provisions of any By-laws of this town, unless the complaint for the same shall be instituted and commenced within six months from the time of committing such breach.

All By-laws or parts of By-laws of this town heretofore existing are hereby repealed, and these By-laws of the town of Hyde Park shall go into effect from and after their adoption by the town and their approval by the Superior Court or any Justice thereof.

Commonwealth of Massachusetts. Norfolk, SS.

HYDE PARK, November 17, 1886.

At a meeting of the legal voters of said town of Hyde Park, held in Everett Hall, on Wednesday, the seventeenth day of November, in the year of our Lord eighteen hundred and eighty-six, the foregoing By-laws were adopted by said town.

Attest:

HENRY B. TERRY, *Town Clerk.*

Commonwealth of Massachusetts. Norfolk, SS.

SUPERIOR COURT, December Sitting, 1886, to wit: January 26, 1887.

The foregoing By-laws are hereby approved.

By the Court.

ERASTUS WORTHINGTON, *Clerk.*

REPORT OF THE SCHOOL COMMITTEE.

TO THE CITIZENS OF HYDE PARK :

It is a custom sanctioned by long usage for the Committee in charge of your Public Schools to submit to you a report at the close of each official year. In compliance with this duty we take pleasure in submitting for your consideration such matters pertaining to the discharge of our duty, with such suggestions upon the results obtained as may appear to be of public concern.

ORGANIZATION OF THE COMMITTEE.

The Committee organized at the meeting called for that purpose, as follows ;

CHARLES G. CHICK, Chairman.

RICHARD M. JOHNSON, Secretary.

Sub-committees were appointed by the Chairman and approved by the Committee.

High School, Richard M. Johnson, Louise M. Wood, Joshua F. Lewis.

Damon School, Helen M. Dean, Augusta L. Hanchett.

Fairmount School, Joshua F. Lewis, Helen M. Dean.

Greenwood School, Augusta L. Hanchett, Richard M. Johnson.

Grew School, Louise M. Wood, Charles G. Chick.

Butler School, Charles G. Chick.

Evening School, Joshua F. Lewis, Richard M. Johnson.

Industrial School, Charles G. Chick, Augusta L. Hanchett.

Auditors, Charles G. Chick Louise M. Wood.

The reports of these sub-committees will be found annexed hereto containing statements as to the condition of their respective schools, with such suggestions as to their future needs as seem proper.

SCHOOL ORGANIZATION AND STATISTICS.

HIGH SCHOOL.

Mr. Jere M. Hill, master; Mr. Emerson Rice, Mr. Wm. M. Cannon, sub-masters; Miss Annie W. Edwards, Miss Anna M. Linscott, Miss Lillian E. Downes, assistants; Miss E. M. Dodge, teacher of music; Mr. G. H. Greenwood, stenographer and type writing; Lieutenant P. J. Flanders, military drill.

Graduates (four years' course).—Cora Lillian Amback, Alice Crandon Balkam, Lucy Inez Blake, Edmund Mortimer Blake, Alice Bradley, Clarence Calvert Bramwell, Ella Florence Brown, M. Ruth Burger, Jennie Almira Cannon, Nettie Francis Coan, Etta Josephine Collins, Nellie Cowperthwaite, Mabel Anna Elliot, George Frederick Fellows, Frank Marshall Fellows Ella May Gay, Lucius Franklin Hall, Marianna Heath, Florence Helen Holmes, Edna Francis Holt, Robert Everett Kendall, Mary Edith Le Bourveau, Emma Florence Marr, Belle Gertrude Miller, May Caroline McDonough, Benjamin McDowell, Julia Lillian Morrell, Fred Cleaves Putney, Mary Louise Raeder, Hattie Bartlett Sears, Alexina Estell Tuckerman, Mande Augusta Trotter, Louise Tyler Wood.

(Two years' course).—Charles James Beatey, John Arthur Evans, Mary Eva Fellows, Theodore Fennessy, Henry Nouse Hill, John James Rafter, Joseph F. Raynes, Edward Sandford Shepherd, Isadora V. Sherman.

“ “ fuel,	474 90

APPROPRIATIONS.

At the annual appropriation meeting the citizens placed at our disposal sums as follows, viz :

For salaries, janitors and fuel,	\$30,600 00
School incidentals,	3,200 00
Text books and supplies,	1,600 00
Evening schools,	600 00
Industrial schools,	150 00
	<hr/> \$36,150 00

These appropriations proved insufficient to meet the needs of the town and in December last additional sums were voted at a special town meeting, viz :

For school incidentals,	\$500 00
text books and supplies,	500 00
evening schools,	500 00
	<hr/> \$1,500 00

Unexpended balances from last year.

Salary, janitor and fuel,	\$224 87
School incidentals,	80
Text books and supplies,	2 15
Industrial school,	28 75
High school laboratory,	201 27
“ “ furniture,	465 82
Steam heating. Fairmount school,	49 85
“ “ Grew school,	1 00
	<hr/> \$974 51

The sum total placed subject to our order for all purposes connected with properly sustaining the public schools of the town will be seen to have been \$38,624.51.

DISBURSEMENTS.

For salaries, janitors and fuel,	\$31,372 61
School incidentals,	3,691 90
Text books and supplies,	2,066 31
Evening schools,	835 66
Industrial schools,	125 69
High school laboratory,	126 27
Steam heating Fairmount school,	49 85

Steam heating Grew school,	\$1 00
Furnishing High school building,	460 25
	————\$38,729 54

It is needless here to itemize these expenditures as a careful examination of the Town Report with its detailed statement furnished by this Committee will show for what specific purposes the money has been expended. A deficiency exists in the salary appropriation, largely due to the additions made to the High school course and the employment of another teacher at the Damon school.

At the time of our last report it was stated that the Steam Heating plant at the High school had not fully met the requirements, and this Board was then uncertain as to the cause.

Investigation was made and followed by a demand upon the party who furnished the same, that the plant be made sufficient to heat the building as called for by the contract under which it had been furnished. After inspection the claim was made that the Town had failed to furnish a chimney flue of the agreed size. Upon the best information this Committee was able to obtain, this claim could not be successfully resisted. We were therefore compelled to take down the chimney and rebuild it, so that it should conform to the requirements of the agreement under which said plant was installed. It will be remembered that this Committee cannot be charged with this error as the work was done by a Special Committee appointed to enlarge the High school building in June '92. It is this expenditure with some other necessary changes and repairs at the High school that is largely the cause of the call for \$500, for school incidentals in December last,

Should the plant now fail to sufficiently warm the building no objection can be raised that the Town is at fault.

ACCOMMODATIONS.

Under this head it becomes necessary to say that the low-

er grades of the Greenwood school are overerowed and some provision must be made for more room to meet the overflow. What course shall be hereafter pursued to meet the growing needs of your schools? This matter was embraced in a plan recently submitted to you after careful consideration by this Committee and which was believed by a majority of the Committee to be for the best interest of the Town and the public schools.

Had it been adopted the present exigency at the Greenwood school would have been provided for and this matter of school accommodations settled for years to come. The question of what is to be the future policy of the Town demands careful thought and wise action lest large sums of money be expended in ways that tend to make our school buildings a series of patchwork which fail to be of permanent benefit to the schools and serve to discourage interest in the advancement of public education in Hyde Park.

TRUANCY.

For a number of years it has been the custom of the Committee to appoint two or three truant officers and fix their compensation at 25 cents per hour of actual service. Practically however, one appointee has done all the work, the several masters certifying to his hours of service. It has been thought proper to change this method and pay the active officer a fixed salary, with regulations adopted for the administration of the office. The salary has therefore been fixed at \$250 per year, which is probably less than the amount heretofore actually paid.

We believe, under the rules adopted by the Committee, the work will be more systematically done as each school will have the benefit of regular service by the officer.

TWENTY-FIFTH ANNIVERSARY.

A communication was received early last spring from the

Historical Society asking that the school department join it in some appropriate manner with exercises to properly call to the attention of the children the fact that on the 22nd day of April 1893, our town would have completed twenty-five years of corporate existence.

Such a course was adopted and in each of the school buildings upon the last school day before that date, (Friday the 21st,) very interesting programmes were arranged by the teachers and pupils, many of them containing much valuable information connected with the formation of our town and the establishment and growth of its industries. Many of our citizens were present and in some instances added interest to the occasion by appropriate remarks.

Upon the whole we believe these exercises to have been beneficial to the schools and children; they certainly tended to give all an accurate knowledge of the town's history and full information as to its present advantages.

COURSE OF STUDY AND TEXT BOOKS.

The course of study remains as last year, no changes having been made. A few changes in text books have been made, and some new books added to the list of text books used in the schools.

It may be well to say here, that the schools are sadly lacking in reference books. The Damon school is the only one aside from the High school that has even an apology for a library.

Rooms have been fitted in each building for teachers meetings which could be utilized very nicely for a proper collection of books necessary for a reference library, and in the judgment of the Committee a reasonable sum should be appropriated and expended to give the schools a good supply of books to aid teachers and pupils to obtain the best results from the time spent at school.

MUSIC.

Miss Dodge has been continued as teacher in this branch, and her work during the year has been faithfully performed. The results obtained are creditable to her as an instructor and satisfactory to the Committee.

CONCLUSION.

We believe the year to have been a successful one for the work of the Public Schools. We are aware however, that examination papers and per cent rank obtained are not alone the test of successful work in our schools.

Theoretical and technical knowledge may be acquired and yet its possessor be poorly fitted to make it of any practical advantage either to himself or the community in which he lives and which may have afforded him the opportunity to secure it.

The ordinary school course deals with scientific facts and principles many of which of themselves are of little practical benefit to the learner and may soon be forgotten.

The mental development obtained in the acquisition of these facts and principles is however of great importance as it tends to make a citizen equipped mentally to grasp and investigate subjects which may afterwards arise in the discharge of the various duties which may devolve upon him in after life. It is this mental strength that we need to develop which enables one to think, study and investigate.

The pupil must be taught that not only is it necessary to act for himself, but it is also necessary for him to assume harmonious relations to the rules of the community in which he is to reside.

The fundamental purpose of the common school system is to afford means for an intelligent community and not necessarily to fully equip each person for his chosen vocation. The work of the Public Schools is to prepare all for an intelli-

gent pursuit, of such special calling as each may subsequently choose, and properly fit himself by special study to pursue.

True, some professions chosen, seem to be but a continuation of the same lines of work and thought obtaining in the common school course, but because this is a fact, no reason exists why a course of study should be made with special reference to these continued studies in those professions, without proper consideration of the want of the great numbers who do not wish to so continue their course, but who are really to control by their acts the affairs of the State. As at present organized the common school system is intended to deal with the general welfare and not with special pursuits. Its work therefore should reach all classes and the community should come to regard it as the means of securing to themselves assurance of protection by the united action of a well instructed, right minded people. Whatever tends to discourage interest in public education tends to injure the community and to lower the standard of intelligent citizenship.

With these principles in mind we have endeavored during the past year to keep the standard of your public schools, such that those who might desire to investigate them should know that in Hyde Park every effort was being made that so far as possible, she might have the reputation of training her youth for an intelligent citizenship, in whatever community they may hereafter become residents.

We conceive it to be of great importance that every effort be made to maintain popular confidence in our public schools and so far as we are able, we desire to urge upon our fellow citizens the importance of watchfulness, that the Town be not allowed to assume an attitude toward its system of education, which shall dwarf its importance as an element in our future growth and prosperity. We believe that progress in this department can best be had when the citizens be-

come actively interested for their children to have the best facilities for mental training consistent with financial resources of the town.

It has been our aim during the year to conduct the affairs of this department upon the lines of these remarks, and we would thank the corps of teachers in your employ for their faithful devotion to their duties since our last report. We submit this report to you trusting that you may feel satisfied that the cause of the Public Schools has been cherished and forwarded by those in whose hands you have placed that trust.

Respectfully submitted,

CHARLES G. CHICK, Chairman.

DISSENTING REPORT.

While loth to discuss a question that was so wisely and emphatically settled by the citizens of Hyde Park less than two years ago, yet I feel it my duty to dissent from such portions of the above report as refer to the subject of "accommodations."

As you well know, the plan which was submitted by the the majority of the Committee called for the erection of a High School building at an estimated cost of some fifty thousand dollars, and the principal reasons advanced were primarily the great increase in the number of pupils in the High School, and the inability to care for them properly without detriment to the educational interests of our town. Secondly was the providing for the increase in our grammar schools, which could be cared for by the use of the old building for such grades.

The town, however, decided to enlarge the building to an extent sufficient for the needs of the school.

What is the condition of things today? By reading carefully the following figures they readily explain the exact status.

Number of enrolled pupils in the High School, Oct. 1891,	200
Number of enrolled pupils in the High School, Oct. 1892,	206
Number of enrolled pupils in the High School, Oct. 1893,	194

Thus you will observe that the "great increase" has not materialized! There being six less scholars than in 1891, and a decrease of twelve the past year. The present High School building is amply sufficient for any natural or unnatural increase that may come, inasmuch as there is one room not in use at all, and two others not regularly occupied.

Now as to the second proposition, the needs of our grammar schools.

The increase, as our Chairman has stated, is in the lower grades, and calls particular attention to the Greenwood district. Again let me call your attention to the following figures:

Whole number of different pupils in the Greenwood School in 1891,	518
Whole number of different pupils in the Greenwood School in 1892.	461
Whole number of different pupils in the Greenwood School in 1893,	475

Or, in other words, there are forty-three less pupils in 1893 than in 1891, and but fourteen more than in 1892, an average of less than two pupils to a room, there being nine school-rooms in the building.

It is true there are rooms in all of our buildings in which there are too many scholars, and there are also rooms in which there are too few.

That condition of things must of necessity exist.

But let us grant that the Greenwood school is overcrowded. Must we erect a new building in consequence? No, not at

all. The increase can easily be cared for at small expense right in that building, for a room sufficiently large, with all necessary light and ventilation and equal to any room there, can be "finished off" on the third floor and then leave all the hall room that is desired or required, and what is true of the Greenwood is applicable to all the other large buildings. When in the future our resources along that line are exhausted, then I should advocate the erection of two-room primary schoolhouses, to be located in our most thickly residential sections, so that in time the Fairmount, Grew and Greenwood buildings would be occupied wholly by the grammar and intermediate grades. I recommend this for two reasons: First, convenience, and second, the removal of our children on making their advent into school life, from the baneful influences that are often exercised over them by older pupils with whom they must be brought in contact.

Children of such tender years do not require the discipline that is necessary in the higher grades and should not be subjected to it.

In presenting this minority report I have endeavored to treat the question on a high plane and without pique or prejudice, and there has been no juggling with facts or figures. In closing, I wish to express my appreciation of my colleagues on the Committee whom I have ever found sincere, honest and painstaking in the educational advancement of our town.

While I have felt it my duty to differ with the majority, yet it is with no disposition to place any obstacle in the pathway of modern methods, but on the contrary to urge by voice and vote that which will make our schools better.

Respectfully submitted,

J. F. LEWIS.

SUB-COMMITTEE REPORTS.

HIGH SCHOOL.

The exercises of the Graduating class of '93 were held in Waverly Hall on Wednesday, June 21st. The class numbered 42, composed as follows: in the two years' course, 9; in the four years' courses, 33. The exercises were of a high character, some of them of unusual merit and worthy of especial commendation. The musical part of the program both in solos and part songs has never been excelled at any previous exhibition for musical taste and thoroughness of drill. There has been a distinct improvement in the High School singing in the last year or two. The bass and tenor parts especially deserve notice.

The school at present is organized as follows:

Senior class	32 pupils.
Second "	-	-	-	-	-	33 "
Third "	-	-	-	-	-	61 "
Fourth "	-	.	-	-	-	64 "
Total	-	-	-	-	-	190 "

Changes in our teaching force have been as follows; The resignation of Mr. Freeman whose services the committee were very sorry to lose, was followed by the appointment in September of Mr. Philip J. Flanders, 1st Lieutenant 6th Regiment M. V. M., as instructor of Military drill, who comes to us highly recommended by the principal of Wakefield High School where he holds a similar position as instructor, and the Chairman of the Wakefield School Board.

His work with us so far has been all that we could expect in so short a time. Miss Elma A. Stone was appointed in September to take the place of Isabel Eaton. Miss Stone

was obliged by ill health to resign in October and Miss Lillian E. Downes was appointed in November to succeed her. The introduction of the study of Stenography and Type writing into the course of study in September necessitated the appointment of an Instructor and the Committee were fortunate enough to secure the services of Mr. S. G. Greenwood, a specialist teacher of this study and the manager of a school of stenography in Boston, where pupils are fitted for active work in short hand and type writing.

A little less than a year ago the Board voted to introduce this branch of study into the two years' course, to take effect at the beginning of the school year in September. Two Caligraph type writing machines were purchased and work was begun under Mr. Greenwood's instruction in September. Although the Committee was satisfied that there was sufficient demand for the study and were confident of its successful prosecution, they were not anticipating a class of over 10 to 15 to begin with. The class started with 20 and has since grown to 44, necessitating the purchase of three more machines and the employment of an assistant teacher whose whole time is given four days in each week to the machine instruction alone, leaving the short-hand work to Mr. Greenwood, who gives one hour's time twice a week. It may be found necessary or advisable in the future as experience in this branch develops and the school enlarges in numbers, to put this study as a specialty in the hands of a regular teacher in the school, whose duties will embrace other studies as well. The study of Stenography as many people know is by no means light work but is mastered only by close application and persistent effort, and satisfactory progress will scarcely be accomplished by every scholar in so short a time, but so far there is a good degree of interest in the class and the recent examination developed a fair degree of proficiency as a whole, while the machine work was very good. This study was intended for the 2 years or

business course alone, but other scholars have been allowed to enter the class when they could do so without prejudice to their other work. The practical usefulness of this study is well known to every business man and needs no elaboration here. In other ways its advantages are evident in increased rapidity of thought and composition, more careful spelling, punctuation and the use of capitals, better mastery of language, and a clear English style. Its popularity as a study in schools is shown by the fact that although it has only recently been introduced, there are already over 600 type writing machines in American schools. The Committee feel that the School has no study of more immediate practical benefit to so many scholars than this.

A visit to the Laboratory of the School by our citizens would interest and gratify them by the interest and progress of the scholars in this department, in spite of some inconvenience in arrangement and lack of accommodations. The regular work in Chemistry and Physics is under the charge of Mr. Rice and has been so conducted as to stimulate further research in these sciences and several students have purchased and own chemical apparatus and supplies with which further work is done after school hours. The class in advanced Physics consists of five members and is conducted by Mr. Rice, by special arrangement with the Board and outside of the regular course, to accommodate scholars who want to pursue this branch of study beyond the limit of the ordinary High School course. The work on the part of both scholars and teacher is voluntary and done for the love of the science and is the best evidence of careful and painstaking instruction by a faithful teacher. Such results amply repay the Town for the moderate amount of money spent to furnish the Laboratory.

The military drill of the past year has been creditable to the boys and their instructor. A high degree of proficiency has been reached and maintained in the manual of arms and

in company and battalion movements. Probably no better work could be shown by any school in the State than was displayed at the annual prize drill of last June. Tactical training however is not the only nor the highest aim of the drill. Improvement in personal bearing and manliness, the moral effects of habits of obedience and command, and the sense of responsibility and self respect which comes to every one bearing arms in an organized body, are all marked by the careful observer and valued above the purely physical benefits.

The steam heating apparatus of this school has not met the expectations of the Committee nor the Contractors during the last, nor so far this winter. Owing to a misunderstanding between the Building Committee and the Contractors the Board were obliged to take down and enlarge the chimney to 16x16 inches to get greater draft. So far this season there has not been sufficient continued cold weather to determine just how much additional heating surface must be put in. The enlarged flue has increased the draft and the amount of heat, but the two large rooms in the second story will probably require more radiating surface in order to heat them properly in zero weather. The Contractors are watching its operation and declare their readiness to make their contract good as soon as they can determine by cold weather test what is required.

Our School building is and has always been since it grew to a large school sadly lacking in some conveniences. We have no one room where the whole school can be assembled for general exercises such as singing, addresses and various public uses of the school. The sanitary arrangements are all in the back yard. A few good closets should be put into the building as soon as possible. No sufficient provision for the proper protection of the clothing of the scholars has been or can conveniently be made with the limited space the building affords. The Laboratory has been recently

supplied with a hood but only a small portion of the class can be accommodated there. The room should be supplied with lockers so that each pupil may have his own equipment and be held responsible for its care. During cold weather the Committee have been obliged to hire accommodations outside the building for battalion drill as only one company can maneuver at a time in the regular drill room, the other occupies the hallway above.

A review of the progress of the school for the past year shows steady improvement in character and no loss in intellectual standing. The discipline has been good and much credit is due Mr. Hill for some elevation in tone and loyalty in a large proportion of the scholars. The difficulty in maintaining effective discipline in a building arranged like this one and with the work done by the Principal, is not small, and with any serious error of judgment on his part would be fatal. The town may congratulate itself upon the high character of its secondary education.

RICHARD M. JOHNSON.

LOUISE M. WOOD.

BUTLER SCHOOL.

This school has been under the charge of Miss Gidney, for several years. The interest in the work has been good during the year. During the summer vacation the room was thoroughly cleaned and made as attractive as possible,

The building is very old and the room suffers in comparison with those in our large and more modern buildings. With care it can be kept quite comfortable and will serve the town quite well until increased numbers require larger accommodations in this section of the town.

CHARLES G. CHICK,

Local Committee.

GREENWOOD SCHOOL.

The teachers in this school have very generally done earnest, faithful work during the year, and the usual high standard of scholarship has been maintained.

The primary grades are crowded and in consequence little individual work can be done in this department. It is possible when the spring term opens that with very great crowding the new pupils can be received, but it will be to the detriment of the school, and in the autumn new accommodations will be imperative.

We regret to state, that Miss Carrie Stevens the master's assistant, presented her resignation in November, she having received a call to Cambridge, at a higher salary. Miss Davis was advanced to fill the vacant place, Miss Frances Putnam of Grafton, being engaged for the sixth grade. Miss Putnam is an experienced teacher, and although it is yet early to judge fully the quality of her work, we feel that no mistake has been made in placing her in this responsible position.

A new feature has been introduced into the school by utilizing the required composition work, as a medium for imparting to the child a knowledge of Nature. Some natural object is given out to be studied and observed and the results of the observation recorded. The interest manifested has been very great, and the results have been, increased power of expression, improved penmanship, drawing and spelling together with an accumulation of interesting and thought-breeding facts all of which results have been accomplished, without taking from the time allotted to the more important studies. A small sum of money \$6.50, accruing from the sale of discarded books and other rubbish, has with the consent of the full Board, been expended for a collection of minerals to be used in connection with the nature work. Mr. D. G. Thompson the Principal of the

school has generously presented the town with a handsome cabinet to hold them.

The essential expenditure for the year has been \$205.14. Aside from this following, the example set at the Grew school and the evident intention of our predecessor on this committee, we have this year furnished a room for the use of the teachers. A small room was finished off with this purpose in view, at the time the new school room in the third story was completed, but the cost of the latter was so great that it was not deemed advisable to furnish it at that time. The Greenwood school unlike the Fairmount and Grew has no private office for the master's use, and he has hitherto been obliged to receive visitors calling upon business either in the hall where there is constant danger of interruption or in the school room in the presence of the pupils. The inconvenience of this is obvious, especially when the matter under discussion requires privacy. The new room supplies a place where such visitors can be received, and also a place for teachers' meetings.

The furniture consists of ten chairs, a bookcase and a substantial table large enough to afford writing space to each of the ten teachers. The walls of the room have been tinted, an oil finish given to the floor, and a plain picture moulding has been put in position. A central draught lamp gives light when needed. The teachers have collected thirty dollars among themselves, and periodicals bearing upon educational subjects are to be found upon their table, also books upon similar subjects upon their book-shelves. What the teachers have contributed together with a few gift books from outsiders, form a nucleus, that we hope will one day grow into a library. A small library consisting mostly of gift books was burned with the old building and has never been replaced. If a few carefully selected books could be added each year to our small beginning, the good resulting would incalculably exceed the expenditure. The best

thoughts crystallize in books, and these read studied and discussed, give life to the teacher's meeting, awaken professional pride and impart new vigor to the entire school work. The teachers' room has cost the town a few cents less than \$70, this added to \$205.14 the sum named for essentials, makes a total of \$275.14, the incidental expenditure for the year; but to this total must be added \$141, paid from the year's appropriation to cancel last year's debts, in order to make up \$416.14 the full sum charged against the school.

It is possible that notwithstanding our earnest efforts to the contrary, a few bills have not been presented, and consequently unpaid, if so, their sum is very small, and we can say that practically the bills are paid, and that there is nothing to be carried out into the new year.

AUGUSTA L. HANCHETT,
RICHARD M. JOHNSON,
Sub-Committee.

FAIRMOUNT SCHOOL.

This school still maintains its high standard. Although we were obliged during the past year to accept the resignations of Mrs. Cushing and Miss Coggeshall, both of whom had rendered excellent service to our town, and whose departure from our employment we deplore, yet, we have been particularly fortunate in filling the vacancies with Misses Winchenbaugh and Dunbar, who have shown conclusively that there will be no deterioration in the work of the school.

We have been obliged to make many needed repairs during the past two years, feeling it was true economy to spend a few dollars now rather than many later. The building is now in excellent condition and aside for the ordinary wear and tear expenses no great sum will be required for several years.

The steam heating plant gives good satisfaction, excepting in one room, which under certain conditions cannot be readily heated. The Exeter Machine Company have been notified and they assure us that they will make such changes as will fulfil their contract, that all rooms should be heated at an average temperature of 70° in all weathers.

The Fairmount school is ably equipped with its present corps of teachers. Their work is marked by harmony and unity of purpose, requisites so essential to success in every school.

Since writing the above we have consented to the transfer of Mrs. Howard, whose efficient work has been the pride of our district, to a much broader field in the High school. It is a positive loss to Fairmount, but to the town in her new position a corresponding gain.

J. F. LEWIS.

DAMON SCHOOL.

The problem at the Damon school, for some time, has been, how to teach successfully eight classes with only four teachers. The master, Mr. W. F. Sayward has been teaching classes fifth, sixth and seventh without assistance. It appeared that the best interests of the school demanded another teacher, and in September, Miss Dora M. Wiggin, who successfully passed the examination for teachers in July, was engaged to teach class ninth, and a part of class tenth. She had had several years of experience, and is doing efficient work. Mrs. de Senancour was promoted to be master's assistant, and thus Mr. Sayward was given an opportunity to superintend the work in the different rooms. The change has awakened new interest and enthusiasm among both teachers and pupils, the attendance has increased and good work is being done in every department of the

school. During the summer the old wooden ventilators were removed and new ones substituted, with satisfactory results.

One of the furnaces was found to be past repair and has been replaced by one formerly used in the Grew school house. The question of steam heat or new furnaces will soon demand attention. The 25th anniversary of the town was observed, April 21st, with fitting exercises. A very interesting talk of personal recollections was given by Carlos Slafter, Esq., of Dedham, and a poem by Mrs. de Senaneour was recited by one of the scholars. Memorial day was also suitably observed and the exercises well attended. The Committee invite all parents to visit the school, at least, once each term, that they may see for themselves the work which is being done, and may encourage both teachers and pupils.

HELEN M. DEAN.

AUGUSTA L. HANCHETT.

GREW SCHOOL.

This school has pursued "the even tenor of its way" through the year, nothing unusual occurring to interrupt or disarrange the pleasant, profitable and harmonious working of all departments. Our numbers remain about as last year, but the large entering class in September (our XII class now numbering about 90) seems to indicate the filling up of our building in the near future.

But one change has taken place among our teachers during the year.

Miss Nellie M. Parsons' services in the school ceased with the summer term and in September the vacancy was filled by the appointment of Miss Jennie F. Ellis of Canton, an experienced, enthusiastic and successful teacher. She is doing excellent work in the XII class.

The other teachers remain in charge of the same grades as last year.

It has been necessary, as in former years, to make many repairs. The building is old and every year requires an increasing expense to keep it in even fair condition. Early in the spring the out-buildings were newly shingled and a little later it was found that the roof of the school building leaked badly in several places, discoloring the beautifully tinted walls and ceilings that were renovated at considerable expense the summer before. This not only necessitated repairs on the roof to the amount of \$75, but also compelled teachers and pupils to see continually the marred and unsightly walls and led your committee to consider whether it is not short-sighted policy and false economy to patch up year after year one portion of a building at a time instead of thoroughly repairing the whole. It would seem wise to tear off the old poor, easily crushed slates from the roof, and replace with new and strong ones, before much further expense is incurred in, beautifying the interior.

During the summer vacation one room was furnished with new desks throughout, and the best of the old ones used in other rooms. Several of the rooms have been thus refurnished during the past five years and we would recommend that one room at least receive this attention each year until all are fully supplied with good, properly graded desks. It is useless to teach and practice physical exercises, and still continue to place pupils in seats, and at desks too high or too low for their comfort or development.

The cellar, that has long been a most unsightly place, has been greatly improved by rough plastering the ceiling, and we trust may be concreted in the near future, but would suggest that some of the floors that are warped and worn up stairs, receive the first attention. These have constituted the principal and most expensive repairs, but there have been others of less importance and slight expense.

There are educational needs of the school that must not be overlooked. Reference books of different kinds are greatly needed, not only encyclopædias and histories for general use throughout the building, but books on a variety of subjects, specially adapted to the different grades. These in the hands of skillful teachers add much interesting knowledge not found in the text books. It is gratifying to see the additional interest in the school shown each year by the parents. We wish it were more general throughout the district.

LOUISE M. WOOD,
CHARLES G. CHICK.

EVENING SCHOOLS.

No department of our public school work has shown so good results as our evening schools for the past year. It was deemed advisable to maintain one school, instead of two, as formerly, and therefore the school at Readville was abolished and we opened on October 23d the school in the High school building. After eliminating the disorderly, a class who always attend the first week or two, there were left a class of earnest, painstaking men and women; a class who realized the need of an education and appreciated the opportunity which the town of Hyde Park had so liberally provided.

Mr. E. C. Tourtelotte, a practical mechanic, who has had charge of the drawing school, has aroused an enthusiasm in his pupils which has led to grand results.

We trust that the public will attend in large numbers the exhibition which we propose to hold in April, at which time the work of the term will be shown for your inspection.

The evening elementary school has been in charge of a Hyde Park boy, Mr. Walter E. Piper, and the same energy that has characterized him in obtaining an education he has

manifested as Principal and with like result. Your Chairman has been deeply interested in the matter of evening schools and he unhesitatingly pronounces the schools in Hyde Park, second to none in the State

I would add in closing that the Chairman of the School Board deemed it necessary to ask for an appropriation of five hundred dollars, at a special town meeting, inasmuch as there was at the beginning of the year a deficit of one hundred and forty-three dollars.

J. F. LEWIS,
R. M. JOHNSON.

Appended find reports of instructors :

TO THE COMMITTEE ON EVENING SCHOOLS OF THE TOWN OF
HYDE PARK,

Gentlemen:—The following will, I hope, convey some idea of the work of the Evening School. It began on Monday evening, October 23, 1893, and has continued through one term of nine weeks; and at present we are on the ninth week of a second term. The sessions are from 7.30 to 9 P.M. on the first four nights of each week.

The total number of names on the register for the first term was eighty-seven, with an average attendance of forty-five pupils. This term we have fifty names and an average attendance of twenty-five. The oldest pupil is thirty-six years of age, nineteen being the average ; 20 per cent. of the pupils are women. We have had seven foreigners whose purpose in coming was to learn the English language.

Instruction has been given in arithmetic, reading, writing spelling, bookkeeping, English composition, algebra, and plain geometry. Arithmetic has been studied by a very large majority of those attending the school. They seem to feel the need of arithmetic more than of any other one study. Of the more advanced studies, bookkeeping has received the most attention. At present there are six pupils well advanced in double entry.

The instruction has been almost wholly to the individual. In one or two instances classes were formed. However, in all cases the pupil has been encouraged to accomplish as much as possible, nothing being allowed to hinder his pro-

gress. The work has been characterized by great earnestness and perseverance on the part of the majority of the pupils. In the work of the school, I have been ably assisted by Messrs. Upham, Hooper and Howes, who by their patience, interest and earnestness have aided very much the progress of the school.

Respectfully submitted,

WALTER E. PIPER,

February 14, 1894.

Principal.

TO THE COMMITTEE ON EVENING SCHOOLS OF THE TOWN OF
HYDE PARK.

Gentlemen:—I herewith submit the following report. The eleventh term of the Elementary and Advanced Mechanical and Architectural Evening School opened on Monday, Oct. 23, 1893 at 7.30 P. M. at which time about thirty young and middle-aged men were enrolled; which number increased each evening until the roll showed sixty-nine, of whom a small number have dropped out. Most of those enrolled are employed in the several shops in our town, and at the first session they were divided into classes in the following order.

Monday evenings beginning at 7.30 to be devoted to elementary work, definitions, plain geometrical figures and projections, general methods of rotation, planes, curves and their tangents, projections of cubes and cones, also the development of different figures, etc., in all of which a decided interest is being shown.

Thursday evenings beginning at 7.30, to be devoted to designing and construction of working drawings as practiced in the best shops at the present time, there being no copying, but sketches made to a scale either on the board or with pencil, also models and patterns to work from; in this way giving the pupils a chance to do some thinking and use their heads to figure out and produce working drawings. In all this they are showing marked ability and interest and are producing work which would be a credit to any shop where there was need of work of this character. The patterns were loaned by Mr. Brainard of the Brainard Milling Machine Co., for which they deserve special mention.

At these sessions, the more advanced of the elementary class have had an opportunity to show their skill on small objects such as screws, bolts, nuts and other small pieces of

machinery; at which they are doing excellent work. Owing to their being no advanced scholars in architecture, and the first principles being the same as the elementary work before alluded to, the pupils worked together until it was necessary to make a class for architectural work which was done December 13, 1893, their first work being the construction of the flat plans and elevations of a house, which we are in hopes to finish (with some details) before the close of the term. Every member of this class has been a regular attendant except one who dropped out soon after the class was formed. The work of this class, like the others, needs only to be seen to confirm the fact that they have an interest in their work. Our average, taking all classes together, has been thirty-seven.

There is a desire on the part of a good number of scholars to have a course of gearing, in its several branches, which I would recommend for the next term; also that the length of sessions should be from 7.30 to 9.30 instead of 7.30 to 9, as has been the custom heretofore and which has seemed to be too short. I would also suggest that just before opening the next term the boards should be trued up, as they are getting out of square owing to the shrinking of the wood.

Respectfully submitted,

E. C. TOURTELOTTE, Instructor.

INDUSTRIAL SCHOOL.

During the summer a school for carpentry was opened in the Everett school building, which has been fitted up and used for that purpose for a number of years.

At the opening of the school our townsman, Mr. Henry S. Grew, who is much interested in industrial education, generously made us a donation of money sufficient to replace such tools as had become worn and unfit for use, and to add many new ones, so that the school is now well equipped. At the close of the term, tool closets were built and provided with locks so that all of the tools can be securely kept when the school is not open.

Mr. George E. Webb was employed as instructor and we

append here his report giving accurate information of the work and condition of the school.

We feel satisfied that the school is doing a good work, and should be well sustained.

CHARLES G. CHICK,
AUGUSTA L. HANCHETT.

HYDE PARK. Feb. 13th 1894.

C. G. CHICK, ESQ., Chairman School Committee,

Dear Sir:—The school of carpentry for the boys opened on July 11th 1893, and closed February 5th. The morning class was formed of boys who had previously attended, and afternoon of beginners.

The advanced class had the privilege of working a portion of the time on such articles as they saw fit to carry home. Several of them improved the opportunity and did some credible work.

Fifty-four boys applied and took lessons, during the term, and the average daily attendance was twenty-four, one less than the previous year.

Yours respectfully,

GEORGE E. WEBB.
